

This plugin implements a capacity planner which is part of an Agile Planning Platform.

The capacity planner optimizes the coordination between agile teams to make sprints time - efficient.

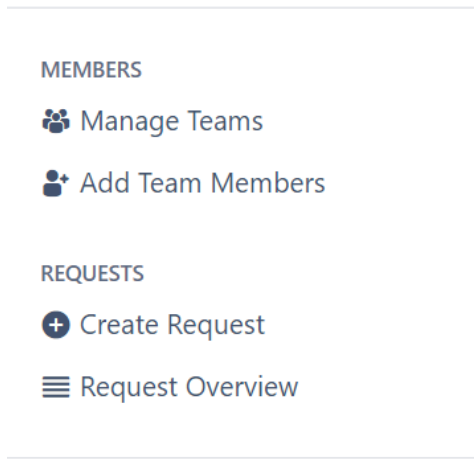

A. Agile Planning

- through the Agile Planning Menu the user can access the Capacity Planner and access the Project Settings
 - **My Planer**: leads the user to tha landing page of the Capacity Planner
 - **Project Settings**: leads the user to project settings where they can enable the plugin for their project
 - **Team Management**: overall management of teams and creation of new ones

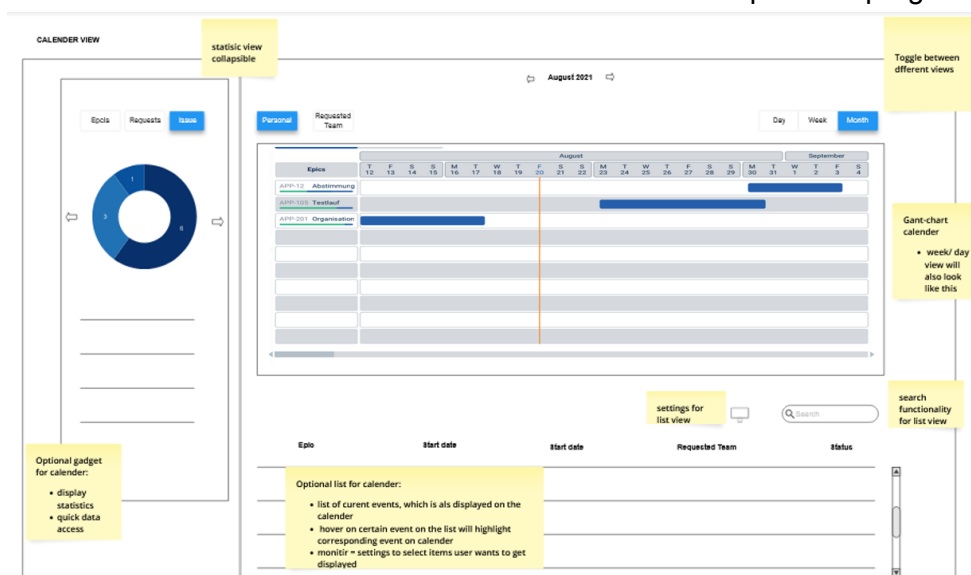

B. Side Navigation

- the side navigation gives an overview of the commands specific for the Capacity Planner
 - **Manage Teams:** tbd
 - **Add Team Members:** by clicking on it a Team Manager can add new members to teams they are responsible for
 - **Create Request:** by clicking on it the create panel pops up and the user is able to create new request
 - **Request Overview:** leads the user to a preset query, which filter all requests which are open or done

C. Planner Main Page

- the planner main page gives an overview of both personal and team calendar, so that a Team Manager can easily control the available capacities of their team. Once they have an overview of the available capacities, they can switch to the Request Overview Tab in order to get an overview of the existing requests
 - **Personal Calendar:** a calendar view of personal issues
 - **Team Calendar:** a calendar view of the requests in progress

Status

- Add new status type
- Define new workflow
- Add new custom field

The screenshot displays the Jira Software 'Statuses' configuration interface. The top navigation bar includes 'Jira Software', 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'More', and a 'Create' button. A search bar is located on the right. The main content area is divided into two sections: 'Add new status' and 'Existing statuses'.

Add new status section:

- Status name:** A text input field with the placeholder 'Enter status name'.
- Preview:** A button labeled 'STATUS'.
- Color:** A dropdown menu currently showing 'GRAY'. A color selection palette is visible, listing GRAY, GREEN, RED, BLUE, VIOLET, and YELLOW.
- Actions:** A button labeled '+ Add'.

Existing statuses section:

Status name	Preview	Color	Actions
accepted	ACCEI	BLUE	↑ ↓ ✎ 🗑
declined	DECLI...	RED	↑ ↓ ✎ 🗑
cancelled	CANCE...	YELLOW	↑ ↓ ✎ 🗑

Annotations:

- A yellow box points to the 'Add new status' button, stating: 'add new status types or change existing ones'.
- A yellow box points to the color selection palette, stating: 'available colors for the statuses'.
- A yellow box in the top right corner points to the settings gear icon, stating: 'click on the settings button -> Apps to edit plug in settings'.
